QCC IPA In the 1890s, Native Americans in King and Snohomish Counties were one of the largest hop growing organizations in the world after major droughts killed most of the European hops. They grew cluster hops which are included in this beer. It is primarily a bittering hop but it does put a little bit of a black currant and berry flavor into the beer. Simcoe hops are also added which have a cedar flavor, and Barbe rouge hops which create strawberry and berry character to go with the salmonberry that is a prominent feature in Northwest native cuisine.
